NEW YORK, October 6 — Whether on recount of the Balkan war-cloud or for some other reason, there was much across the other reason there was much across manifested in to-day's stock market. Buying to cover by the interest, which sold freely in the final lyeak yesterday, was an element in the spurt. The news arriving from Broad by that time also was of a reasoning character. The adjournment of the Northern Pacific directors, for instance, without declaring that large extra cash dividends which was confidently predicted yesterday, proved disconcerting to a considerable speculative element, which had been operating confidently on the strength of these predictions.

The failure of the Northern Pacific rumors to come true case suspicion on a number of other rumors which were iffective in vesterday's speculation, and awakened a fear that they had been removed in the suspicion of the comparation. The afternoon weakness was traceable in part to the news of the embarrassment of an important bond house, having connections both in New York and Boston, and to the knowledge of the measures which had to be taken to conserve the large resources involved. The market ended strong under the influence of the animated dealings in Rock Island preferred.

Bonds were irregular; total sales, par value, \$3,920,000.
